Congress Tour

Date: April 25, 2018

Time: 13:30-17:00

Fee: Included with Conference Registration

Itinerary: Yehliu Geopark (New Taipei City)

Descriptions: Yehliu Geopark is located in Yehliu Village of Wanli District, New Taipei City. The rock landscape of Yehliu Geopark is one of most famous wonders in the world. The costal line is stretching in a direction vertical to the layer and the structure line; besides, the influences caused by wave attack, rock weathering, earth movement and crustal movement all contribute to the formation of such a rare and stunning geological landscape.

Distance: Distance from TWTC Exhibition Hall 1 to Yehliu Geopark: 38km
